

Supreme SlipTech #221

Dry Area Anti-Fatigue Mat -17mm thick

Features and Benefits

- Provides unparalleled comfort compared to other composite anti-fatigue mats.
- Aggressive NEW 5mm RUBBERISED durable top surface bonded to our 12mm ergonomic PVC closed cell foam.
- Revolutionary rubberised surface provides improved traction.
- Rubberised top surface with large industrial pyramid design provides compression as well as displaying dual compression properties between the top surface and the ergonomic foam.
- Rubberised wear-surface outlasts other wear-surfaces.
- Wear-surface will resist most common chemicals.
- Significant increase in coefficient of friction (traction) wet and dry as compared to the best wear-surfaces in the industry
