

Multi Purpose Runner #635

Mat Runner – 10mm thick

Features and Benefits

- Soft compound to alleviate leg stress.
- Studded back and drainage holes allow the mat to breathe therefore eliminating the risk of corrosion under.
- Made from heavy duty 10mm natural or nitrile rubber, it stands up to all that is thrown at it.
- Suitable for wet or dry environments.
- Ideal for utes, vans and trays.
- Nitrile rubber, ideal for areas where oil and grease could create slips and falls - especially in kitchen areas.
- The 10 metre roll can be cut to your specifications.
