

Coir Inlay Logo Mat No.680

Features & Benefits

Coir matting has been around for centuries. Now there is a way to make it into a Logo! With our 2 colour tone laser cut design this matting is a standout for a recessed grand entrance.

This product is made from Coconut fibres and is a fantastic way to scrape dirt from shoes with its 'brush like surface' without losing the integrity of the mat.

Standard Mat Sizes

Custom sizes available up to 2 metre widths.
