

DirtStopper Logo Mat #715

Features & Benefits

Combined with the durable DirtStopper mat and our in house speciality raised printing technique, this mat will grab the attention at any entrance.

Dirtstopper mats have a natural fleck through them that easily hides dirt and debris off shoes. The logo is 1mm higher than the matting giving it the 'Wow' effect. This mat is UV stable and rot resistant with a low profile edging.

This type of matting is suited to 1 or 2 colour logo.
